## Public Notice – Environmental Permit

**PURPOSE OF NOTICE:** To seek public comment on a draft permit from the Department of Environmental Quality for the withdrawal of groundwater in Northampton, Virginia.

**PUBLIC COMMENT PERIOD:** June 11, 2022 to July 12, 2022

**PERMIT NAME:** Groundwater Withdrawal Permit issued by DEQ, under the authority of the State Water Control Board

**APPLICANT NAME, ADDRESS AND PERMIT NUMBER:** Department of Conservation and Recreation, 600 East Main St, 24th Floor, Richmond, VA 23219; GW0054001

**NAME AND LOCATION OF WATER WITHDRAWAL:** Kiptopeke State Park; 3540 Kiptopeke Dr., Cape Charles, VA 23310

**PROJECT DESCRIPTION:** The Department of Conservation and Recreation has applied for a reissuance of a permit for Kiptopeke State Park in Northampton County, Virginia. The permit would authorize the applicant a groundwater withdrawal that shall not exceed 4,100,000 gallons per year and 1,025,000 gallons per month. The ground water withdrawal will support a public water supply for staff residences, office, maintenance area, picnic and beach areas, campsites, cabins, camping lodge, and visitor center. The proposed withdrawal will utilize the Upper Yorktown Eastover aquifer at a depth between 150 feet to 190 feet below the land surface at the withdrawal site. An aquifer is a body of rock or layer of sediment in the ground in which groundwater is stored and transported. DEQ has made a tentative decision to issue the permit.

**AFFECTED AREA:** The radial distance from the wells to where computer modeling predicts the aquifer may experience one foot of drawdown due to the withdrawal is illustrated on a map that can be viewed at <https://www.deq.virginia.gov/permits-regulations/public-notices/water/water-withdrawal>

**HOW TO COMMENT AND OR REQUEST A PUBLIC HEARING:** DEQ accepts comments and requests for public hearing by e-mail, fax or postal mail. All comments and requests must be in writing and be received by DEQ during the comment period. Submittals must include the names, mailing addresses and telephone numbers of the commenter/requester and of all persons represented by the commenter/requester. A request for public hearing must also include: 1) The reason why a public hearing is requested. 2) A brief, informal statement regarding the nature and extent of the interest of the requester or of those represented by the requestor, including how and to what extent such interest would be directly and adversely affected by the permit. 3) Specific references, where possible, to terms and conditions of the permit with suggested revisions. DEQ may hold a public hearing, including another comment period, if public response is significant and there are substantial, disputed issues relevant to the proposed permit. **PUBLIC COMMENTS, DOCUMENT REQUESTS AND ADDITIONAL INFORMATION:** Laura Galli; Department of Environmental Quality-Office of Water Supply, 1111 E.
