Outcome 1: York River and Small Coastal Basin Roundtable Training on Wetlands Plan and Inter-Basin Coordination

- See posted presentation and zoom recording.

Outcome 2: Partner Roundtable on Resiliency in PD16

- **City of Fredericksburg:**
 - Nothing to report at this time.
- **York River Steward**
 - Getting ready for General Assembly
 - Two grants in York (1 restoration, 1 education)
- **NVCT/Stafford Planning**
 - Appreciate being included—still getting to know everyone.
- **King George**
 - Finished CUSP—very beneficial for MS4 permittees. Also did the National Recreation and Parks Association’s Green Stormwater Infrastructure certificate.
- **Spotsylvania**
 - Bay Act inspection codes are done, so even if not regulated by ESC/SWM new construction still has to be inspected.
- **Department of Forestry**
 - Lots of urban forestry grant funding / funding for trees! Go to the website for more information.
 - [Throwing Shade](#) program RFP closed but very excited to see the next round of nursery partner.

- **Stafford County—ES Codes**
 - John Saunders has left the program.
 - Interested in CBLP crews training.
- **Wetlands Watch**
 - [CBLP is open again! Please register](#)
- **Northern Neck PDC**
 - Running septic programs and staying busy!
 - Interested in coordinating with FAMPO on Rt. 3 corridor of statewide significance.
- **GWRC**
 - Green Infrastructure Charette in April 2024.
 - Septic money is finally coming in 2024.
 - Partners are hiring.
